OUR SERVICES

Aluminium Structure

Design, fabrication and installation of premium aluminium structural systems including curtain walls, canopies, pergolas, and decorative louvre systems.

Aluminium Cladding

High-quality aluminium composite and solid aluminium cladding solutions for building facades with superior weather resistance and durability.

Steel Structure

Engineering and construction of robust steel structural frameworks, space frames, support structures, and bespoke architectural steel elements.

Steel Doors

Custom fabrication and installation of steel doors in various finishes and configurations, combining strength, security, and modern design.

Glass Frameless Systems

Sleek frameless glass systems including shopfronts, partitions, balustrades, and structural glass facades that maximize natural light.

Glass Skylights & Domes

Custom-engineered glass skylights, pyramid and dome structures that bring natural light into interior spaces with precision and elegance.

Decorative Facade Panels

Intricate perforated and laser-cut aluminium panels adding architectural character while providing sun shading and ventilation.

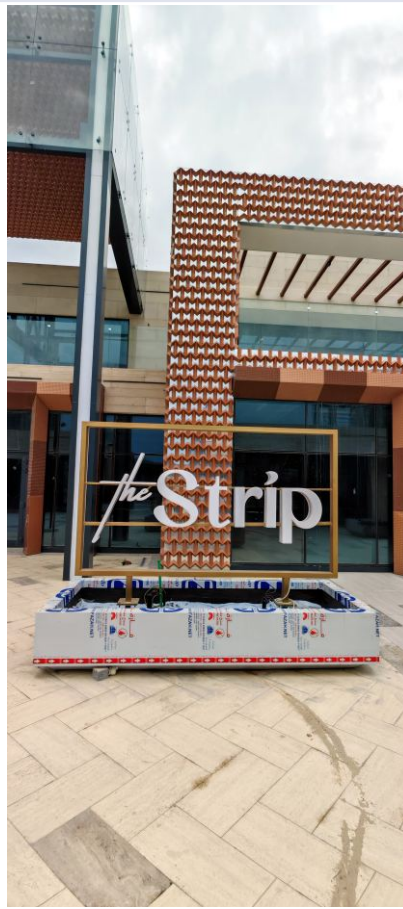

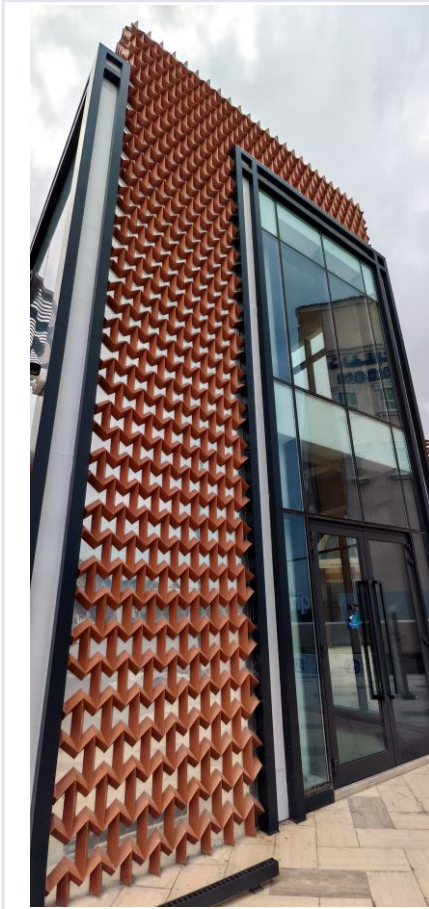

Aluminium Louvre Ceilings

Custom aluminium batten and louvre ceiling systems in wood-effect and powder-coated finishes for interior and exterior applications.

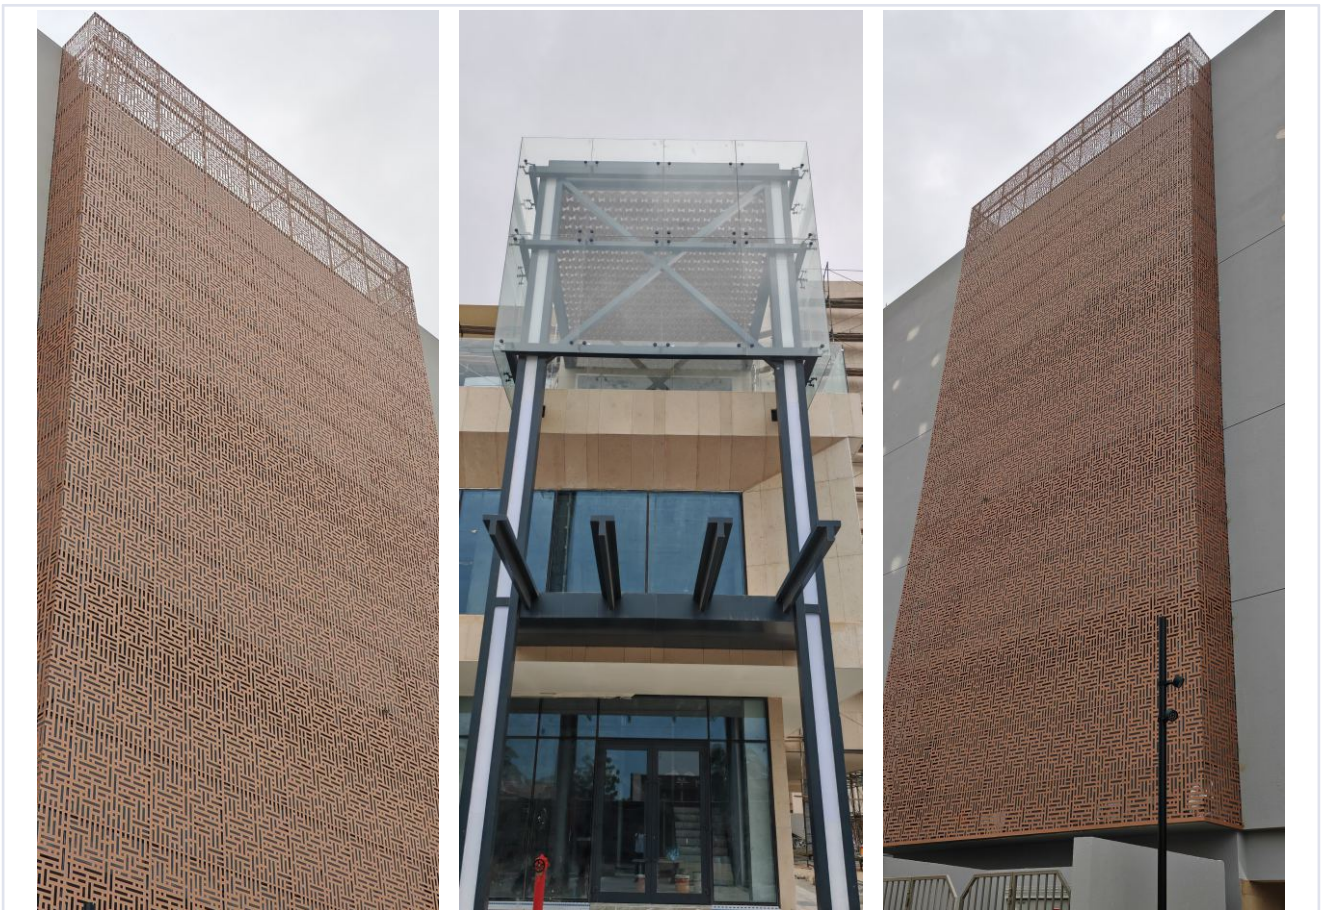

From our Projects

THE STRIP Mall

Aluminium Cladding | Steel Structure | Canopies

The Strip is a premium commercial development located in the Eastern Province, featuring an extensive **aluminium cladding facade**, **Geometric cladding**, **decorative CNC panels**, **Aluminum pergola canopies** and **Laminated glass Handrails**. Afaq Al-Maarej delivered the complete facade and structural works with a focus on precision fabrication and architectural excellence. The project highlights our capability in large-scale aluminium cladding systems and reflects our commitment to quality in every detail.

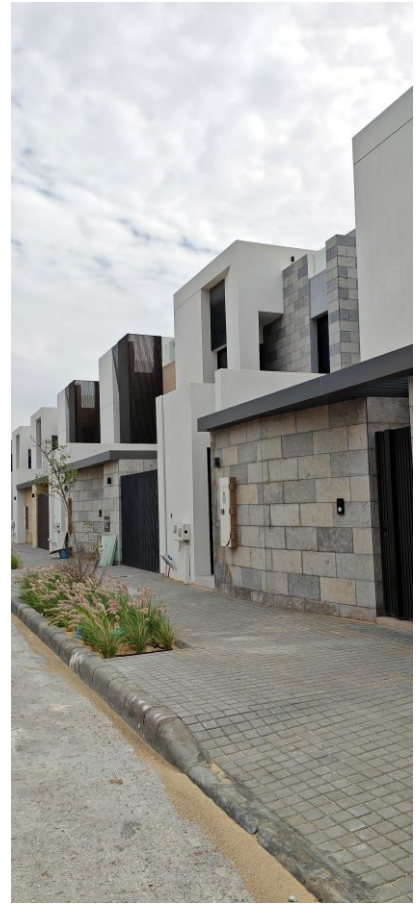

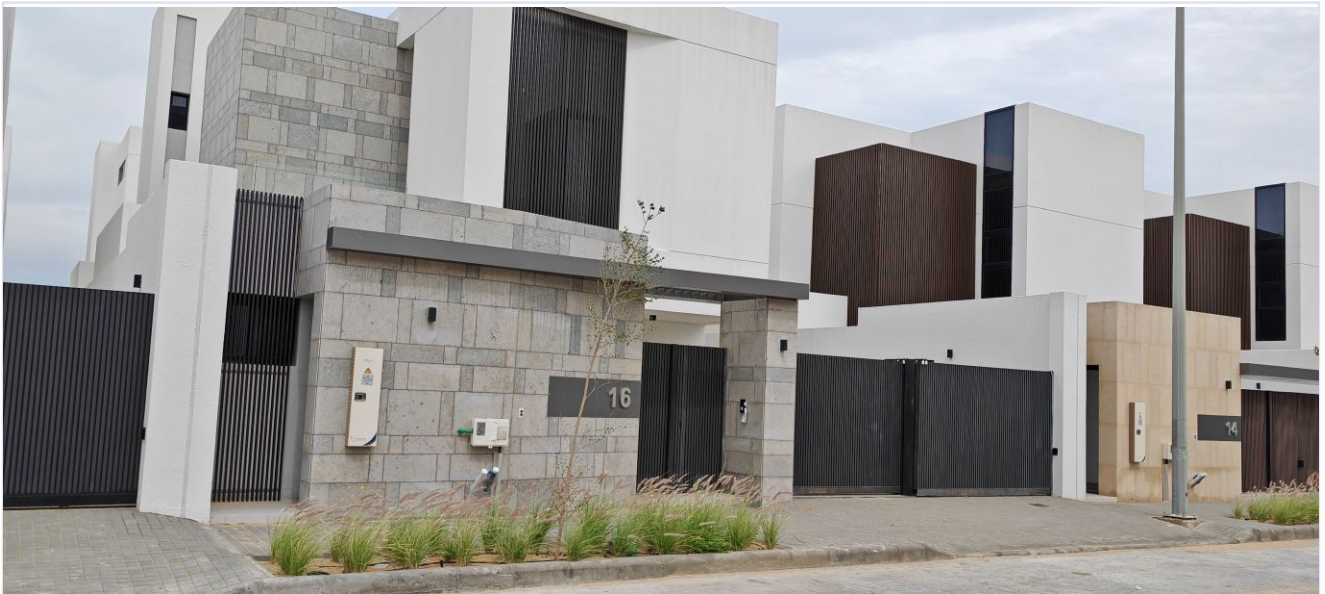

From our Projects

EWAN THARWA - RETAL

Aluminium Cladding | Steel Structure | Louver Canopies

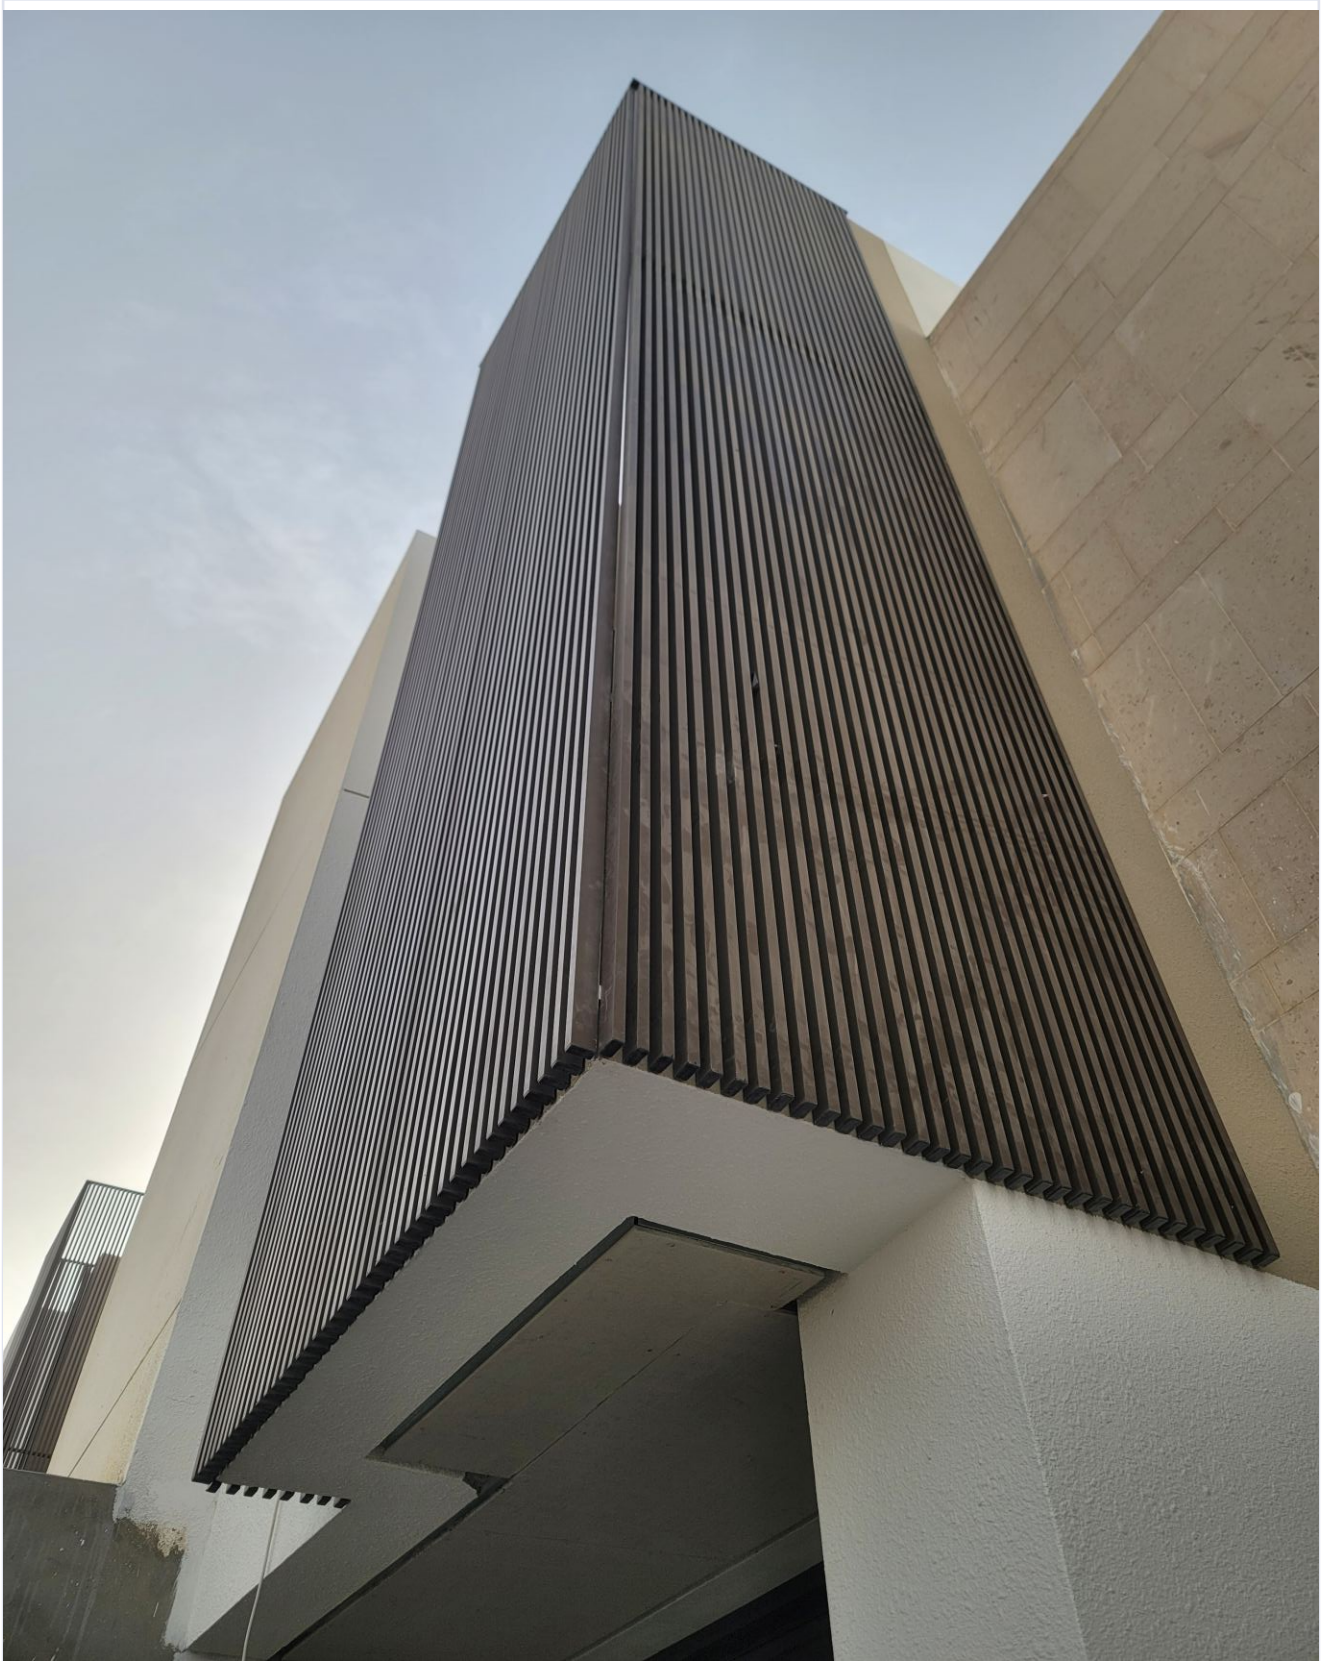

Ewan Tharwa is a premium residential villa development located in the Eastern Province, featuring custom steel doors, external aluminium louvre systems, and aluminium cladding pergola canopies. Afaq Al-Maarej fabricated and installed **the complete metalwork scope including bespoke steel entrance doors with high-end finishing, external Aluminum louver, and cladding-finished pergola structures.** The project reflects our expertise in delivering integrated aluminium and steel solutions for upscale residential developments.

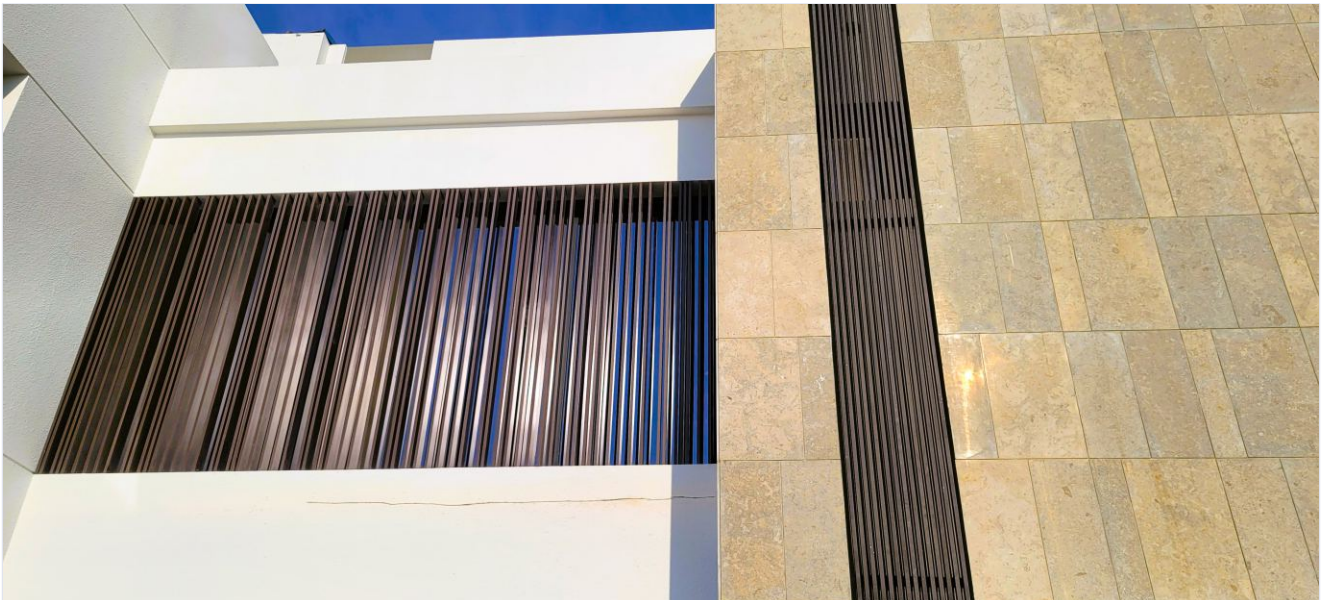

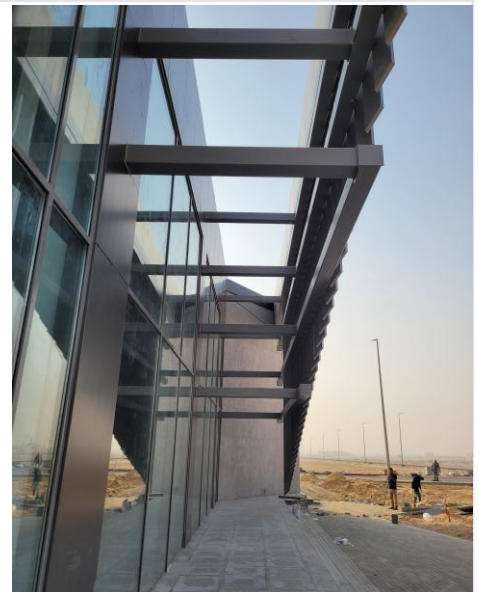

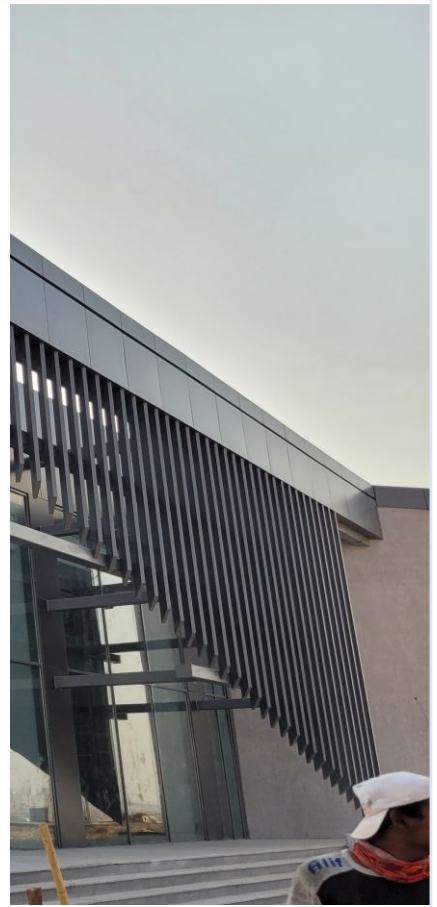

From our Projects

RETAL Sales Center

Aluminium Cladding | Steel Structure | Louver

RETAL Sales Center (Al-Ahsa) we carried out all the work on steel chassis and aluminum claddings with decorative louver partitions.

From our Projects

AL-MAALI Mosque

Skylight

Al M'ali Mosque is one of the modern-designed Eastern Province mosques in which we carried out many works, the most important of which is the mosque's glass dome made of aluminum structure with laminated glass. It is enough to be proud that over the course of three years, we were not asked to maintain it. We repeated the same work in three places, such as Al-Fursan neighbourhood mosque in Riyadh.

Aluminium Cladding | Steel Structure | Canopies

From our Projects

SAKANY - RETAL Riyadh

Aluminium Cladding | Steel Structure | Canopies

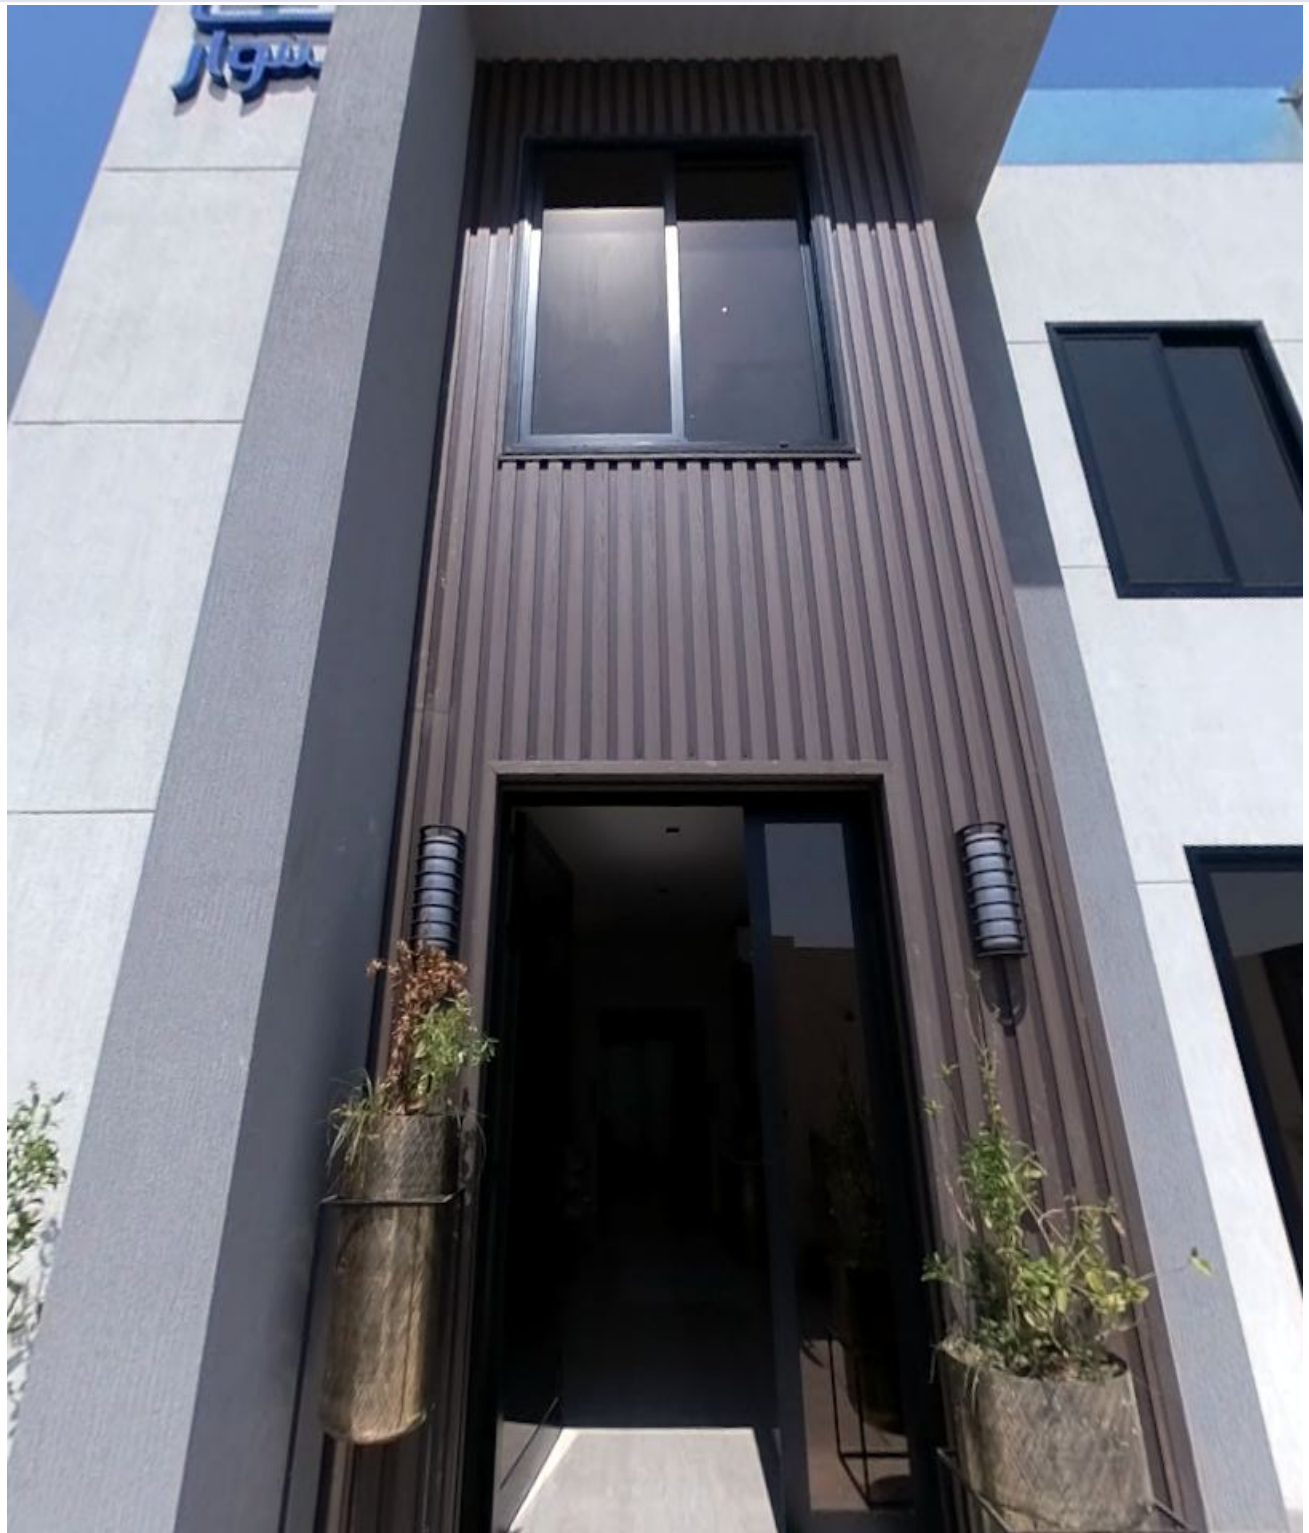

RETAL Sakany Riyadh CNC decorative facade cladding 400 villas.

From our Projects

ASWAR - AMAD

WPVC Cladding

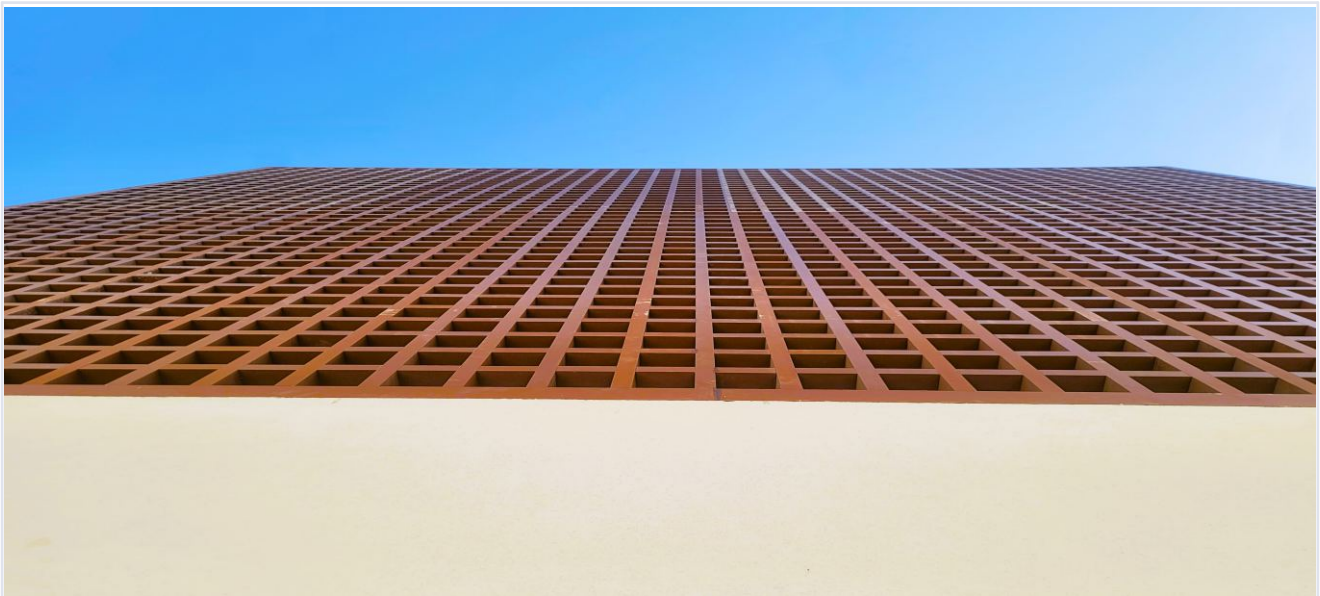

ASWAR WPVC cladding.

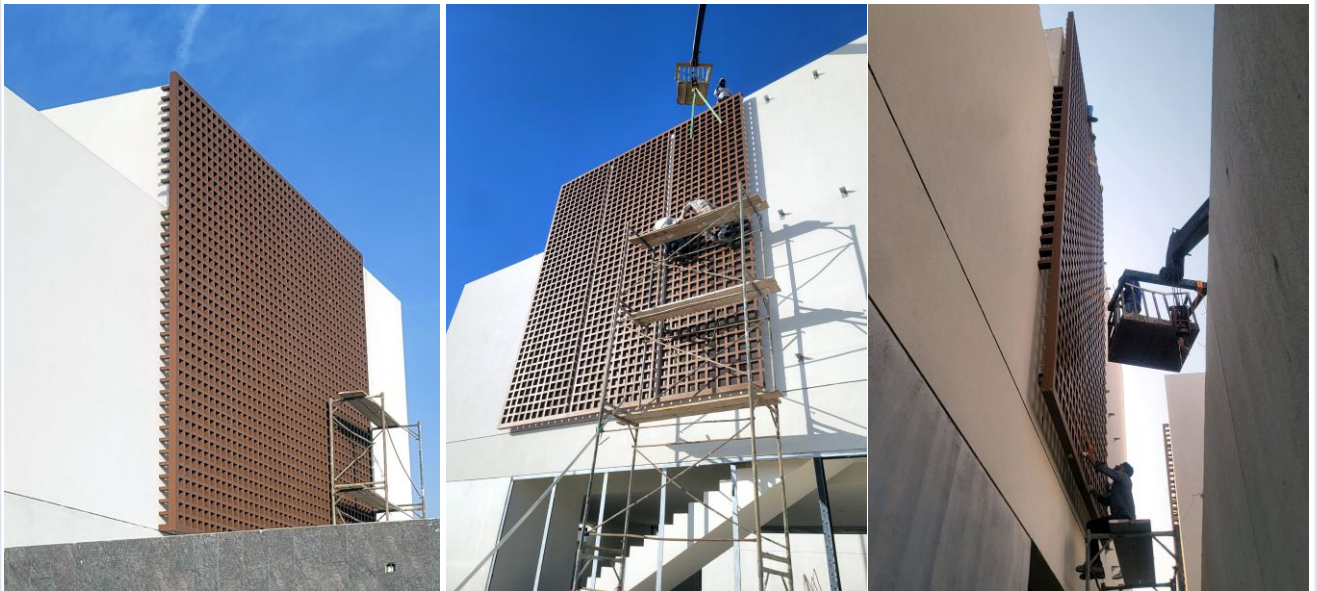

From our Projects

SADA- JEWAR

Aluminium Cladding | Steel Structure | Canopies

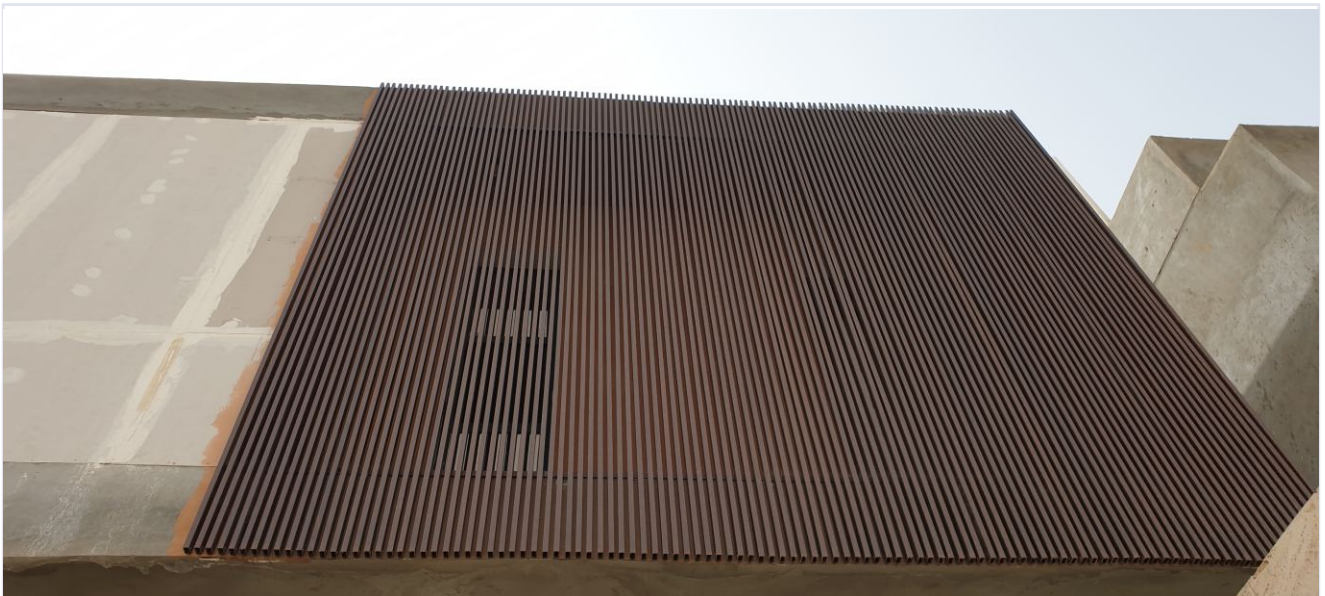

JEWAR SADA villas is one of the projects that most clearly demonstrates the quality of the work team and their ability to innovate solutions. The project consists of a full aluminum canopy cladding for the villas from all sides, with a thick section and very few gaps, which increases the weight and thus makes installation difficult, along with the original problem of raising dimensions and adapting to plastering issues and the straightness of the walls. We also installed showers and glass railings.

Aluminium Cladding | Steel Structure | Canopies

OUR TEAM

At Afaq Al-Maarej, our greatest asset is our people. We are a dedicated team of engineers, fabricators, project managers, and installation specialists who bring skill, passion, and precision to every project.

Project Management	Our project managers oversee every phase from design through delivery, ensuring timelines, budgets, and quality standards are consistently met.
Engineering & Design	Our engineering team provides technical expertise in structural calculations, material selection, and detailed shop drawings for every project.
Fabrication Specialists	Skilled craftsmen in our fabrication workshop produce precision-cut aluminium and steel components to exact specifications.
Site Installation Teams	Experienced installation crews ensure safe, efficient, and high-quality on-site assembly and finishing of all structural works.

WHY CHOOSE US

- 
Quality Craftsmanship
 Every project is executed with meticulous attention to detail and the highest construction standards.
- 
Innovative Solutions
 We continuously adopt the latest techniques and materials to deliver cutting-edge results.
- 
Full-Service Capability
 From design consultation through fabrication to final installation — we handle it all.
- 
Dedicated Support
 Our team provides comprehensive after-sales support and maintenance services.

CLIENT TESTIMONIALS

Afaq Al-Maarej delivered outstanding aluminium cladding and structural works for our project. Their team was professional, detail-oriented, and completed everything on schedule. The quality of the decorative facade panels truly set our development apart.

The Strip Commercial Development | Project Manager

We have worked with Afaq Al-Maarej on multiple projects and they consistently exceed our expectations. Their expertise in both aluminium and steel works makes them our go-to contractor for all facade and structural works.

Commercial Client | Property Developer

The frameless glass and steel entrance systems installed by Afaq Al-Maarej are absolutely stunning. Their team handled every aspect professionally, from initial design to final installation.

Hospitality Sector Client | Facilities Director
